Snowflake

Raw Edge Appliqué & Free Motion Quilting Design

This pattern was designed for Free Motion Quilting. his project was done using a Tiara II from Babylock, but it can also be done on any domestic sewing machine.

You will need a tracing table or a glass table top under which you can place a lamp. This will help you see the design through the fabric. It will be useful for tracing the design on the fabric for the Free Motion Quilting project .

Material required: Steam-A-Seam 2, embroidery threads, tracing table or light box and scraps of fabric.

Instructions for Free Motion Quilting (FMQ)

Print the template of the size required on letter paper. See pages 2 to 4.

Cut 2 pieces of fabric and one piece of bating that will cover the design and add 2" on each side. For example: One block of 7" x 7" will become 9" x 9".

Using a tracing table or a light box, trace the design on one piece of fabric and make sure that it is centered.

If you wish to see how I trace the fabric, look for the tutorial:

"Collection Inédith - Block of month - June 2016 - Mandala #1 - Free Motion Quilting" on my YouTube channel.

Once traced, add the bating and backing to the top layer. You're now ready to quilt.

Instructions - Raw Edge Appliqué

1. Print the template the size you want. See pages 2 to 4.
2. Trace the template on "Steam-A-Seam 2".
3. Fuse the Steam-A-Seam appliqué on the fabric by pressing the Appliqué with a hot iron and cut The appliqué.

If it's your first experience working with this product, look for the tutorial on the how to work with the "Steam-A-Seam 2" and some tips on how to place the appliqués on the background fabric perfectly and in just a few minutes. To find the Tutorial on my YouTube Channel, look for :

Collection Inédith - Steam-A-Seam 2 - Helpful tips

4. Cut 2 pieces of fabric and 1 piece of bating same as mentioned above.
5. Place the appliqué on the background fabric and press.
6. Add the bating and backing to the top layer. You're now ready to Free Motion Quilt your design.
